

NAPOLEON'S RETREAT FROM MOSCOW.

BEGINNING OF THE OAHU COLLEGE TERM

Oahu College will begin the second term of the year tomorrow morning, January 11, at 9 o'clock. The work of the new term will open with chapel in both the College and the Preparatory at that time. Several new pupils have already enrolled for the term. Many more will register on the morning that school opens. The corps of teachers and the courses will remain the same as in the Fall term. President Griffiths will return to his duties. Mr. L. C. Howland, who has been acting president, has already left for the States on a leave of absence. He will remain

on the Coast until the early Spring and will then go East. He will return to Honolulu in August. Among the features of general interest are plans for concerts by the choruses and glee clubs, two plays by the Dramatic Club, and the usual athletic activities. A class in harmony, open not only to pupils but also to outsiders, will be given by Miss Sheffield. This course will be based on the course at Oberlin conservatory and will count towards graduation. Pupils may register on Monday. President Griffiths at the College and Principal Fitts at the Preparatory will be in their offices Monday to enroll new pupils and to straighten out the courses of old ones. "Sweet are the uses of adversity," quoted the Wise Guy. "Perhaps," said the Simple Mug, "but lots of us don't care for sweets."—Philadelphia Record.

IT HAPPENED IN CHURCH.

A Southern clergyman tells the following story to Lippincott's:
After the morning sermon one Sunday he had read the notices for the week, and then announced the closing hymn—Number so-and-so. At that moment one of the deacons came down the aisle, and the minister paused to hear what he had to say, which was that the pastor had forgotten to give notice of a meeting of the ladies of the congregation.
Accordingly the divine gave the notice, apologized to the congregation for his forgetfulness, and then again announced the number of the hymn, and proceeded to read it. His feelings and those of the congregation may be imagined when he began:
"Lord, what a thoughtless wretch was I!"

MUST SUIT MANY.

"It takes all sorts of copy to make up a newspaper."
"Quite so. The women wonder why the editors bother with telegraph matter when there are so many interesting items to be culled from old scrap books."
"Pa—Faith an' phwat is this foot 'n' mouth disease?"
"Mike—Why, that's the thing that kilt the Dimmyeratic party."

MAYFLOWER

THE WHEAT AND THE CHAFF

ARE PRETTY WELL MIXED in this world and it's the ability which a man attains in distinguishing the one from the other that counts him in or out on the game of success. In a word, shrewdness. Any man is bound to become rich who can pick the winner every time and shake the loser at a profit. Puunene and Kihei. And what is shrewdness? Merely a capacity for careful examination and prompt action. Being sure you're right, then going ahead. Investigating a proposition, weighing its merits, calculating its chances of success, looking at it every which way, and grasping it promptly if it wears the winning front. The way to roll it up is to get in on a good thing, early in the game, when the price is low. The biggest money is always made on judgment and foresight, and not on demonstrated facts. By the time the facts are demonstrated, there's a big premium on the stock to pay. "Rapid Transit," if you're wise. Find a good one, but be good and sure, it's good, then invest quickly. The "Mayflower" is what you're looking for. BUY "MAYFLOWER" STOCK. BUY IT NOW. It will put you in the prosperity ranks in record time if you buy it today at 25 Cents. The "Mayflower" is clean wheat, No. 1, and hand picked. It will stand examination under the microscope. It cannot be beat in the realm of safe and permanent investment. It's a basket where you can put all your eggs and never get one chipped. Call or write for our prospectus. The "Mayflower" is more of an industrial enterprise than a mining proposition. The Mill is in place, and the ore proven in the ground. It's simply a case of going ahead and earning so much money per ton milled. In short, it's just a continuous gold grinding proposition. And the ore polarizes pretty high. Are you on for some stock? Better move up to a bunch while it's going at 25 Cents. The wise ones are getting in. Join the chorus. BUY "MAYFLOWER" STOCK.
